104533	1211743	0.70436	Trail	Non-Mechanized	None	(a), (b), (c), (d)	This segment has been determined to be appropriate for non-mechanized use consistent with FLPMA Section 302a, Section 501 and Section 601 (4), after review of relevant factors. Impacts to the aforementioned resources have been minimized by implementation of the components of the associated travel management plan, and the elimination of motorized and mechanized use; resulting in a reduction in the intensity of use and in the extent of potential disturbance and associated impacts created by use of the segment.
104534	1211744	0.10705	Primitive Road: Primary	Motorized	None	(a), (b), (d)	This segment has been determined to be appropriate for motorized use consistent with FLPMA Section 302a, Section 501 and Section 601 (4), after review of relevant factors. Impacts to the aforementioned resources have been minimized by implementation of the components of the associated travel management plan, imposing restrictions on the stopping, parking and camping distance, limiting the extent of potential disturbance created by use of the segment.
104535	1211745	0.02489	Translinear Disturbance	Translinear Disturbance	None	(a), (b), (d)	Impacts to the aforementioned resources have been minimized by classification of the segment as a Transportation Linear Disturbance, eliminating potential impacts created by use of the segment.

400320	TBD	0.71201	Translinear Disturbance	Translinear Disturbance	None	(a), (c), (d)	Impacts to the aforementioned resources have been minimized by classification of the segment as a Transportation Linear Disturbance, eliminating potential impacts created by use of the segment.
400321	TBD	0.03884	Translinear Disturbance	Translinear Disturbance	None	(a), (c), (d)	Impacts to the aforementioned resources have been minimized by classification of the segment as a Transportation Linear Disturbance, eliminating potential impacts created by use of the segment.
400322	TBD	0.51912	Translinear Disturbance	Translinear Disturbance	None	(a), (c), (d)	Impacts to the aforementioned resources have been minimized by classification of the segment as a Transportation Linear Disturbance, eliminating potential impacts created by use of the segment.
400323	TBD	0.17698	Translinear Disturbance	Translinear Disturbance	None	(a), (c), (d)	Impacts to the aforementioned resources have been minimized by classification of the segment as a Transportation Linear Disturbance, eliminating potential impacts created by use of the segment.

WEMO ID	Designated Route # &/or CN # &/or route name	Length (Miles)	Proposed Asset Classification	Proposed Designation Alternative 5	Proposed Subdesignation Alternative 5	Applicable 43 CFR 8342.1 Section	Designation Decision Justification and Impact Minimization
400324	TBD	0.78151	Translinear Disturbance	Translinear Disturbance	None	(a), (c), (d)	Impacts to the aforementioned resources have been minimized by classification of the segment as a Transportation Linear Disturbance, eliminating potential impacts created by use of the segment.
400325	TBD	0.06652	Translinear Disturbance	Translinear Disturbance	None	(a), (c), (d)	Impacts to the aforementioned resources have been minimized by classification of the segment as a Transportation Linear Disturbance, eliminating potential impacts created by use of the segment.
400326	TBD	0.11794	Translinear Disturbance	Translinear Disturbance	None	(a), (c), (d)	Impacts to the aforementioned resources have been minimized by classification of the segment as a Transportation Linear Disturbance, eliminating potential impacts created by use of the segment.
400327	TBD	0.01878	Translinear Disturbance	Translinear Disturbance	None	(a), (c), (d)	Impacts to the aforementioned resources have been minimized by classification of the segment as a Transportation Linear Disturbance, eliminating potential impacts created by use of the segment.
400328	TBD	0.06274	Primitive Road: Primary	Motorized	None	(a), (c), (d)	This segment has been determined to be appropriate for motorized use consistent with FLPMA Section 302a, Section 501 and Section 601 (4), after review of relevant factors. Impacts to the aforementioned resources have been minimized by implementation of the components of the associated travel management plan, imposing restrictions on the stopping, parking and camping distance, limiting the extent of potential disturbance created by use of the segment.
400329	TBD	0.1478	Translinear Disturbance	Translinear Disturbance	None	(a), (c), (d)	Impacts to the aforementioned resources have been minimized by classification of the segment as a Transportation Linear Disturbance, eliminating potential impacts created by use of the segment.

WEMO ID	Designated Route # &/or CN # &/or route name	Length (Miles)	Proposed Asset Classification	Proposed Designation Alternative 5	Proposed Subdesignation Alternative 5	Applicable 43 CFR 8342.1 Section	Designation Decision Justification and Impact Minimization
400330	TBD	0.20262	Translinear Disturbance	Translinear Disturbance	None	(a), (c), (d)	Impacts to the aforementioned resources have been minimized by classification of the segment as a Transportation Linear Disturbance, eliminating potential impacts created by use of the segment.
400331	TBD	0.25118	Primitive Road: Primary	Motorized	None	(a), (c), (d)	This segment has been determined to be appropriate for motorized use consistent with FLPMA Section 302a, Section 501 and Section 601 (4), after review of relevant factors. Impacts to the aforementioned resources have been minimized by implementation of the components of the associated travel management plan, imposing restrictions on the stopping, parking and camping distance, limiting the extent of potential disturbance created by use of the segment.
400332	TBD	0.0978	Translinear Disturbance	Translinear Disturbance	None	(a), (c), (d)	Impacts to the aforementioned resources have been minimized by classification of the segment as a Transportation Linear Disturbance, eliminating potential impacts created by use of the segment.
